Note to applicants that Ex. Hollington is taking over this case for Ex. Kobert until further notice.

#### ***Allowable Subject Matter***

1. Claims 1-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: regarding claim 1, the primary reason for the allowance of the claim is due to a method of measuring duty cycle comprising, in combination with other limitations, making a plurality of comparisons of the value of the input signal to a threshold, each comparison being made at a controlled time relative to the start of a repetition of the interval, wherein making the plurality of comparisons includes varying the controlled times thereby making a plurality of comparisons at times that are coherent with the repetitions of the interval. Since claims 2-10, 18 and 22-24 depends from claim 1, they also have allowable subject matter.

Regarding claims 11-17 and 19-21, the primary reason for the allowance of the claims is due to amending claims 11 and 19 into independent claims base on the notice of allowance by Ex. Kobert in the Office Action mailed on Dec. 12, 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
